

# Launch your Career with **CARDINAL** Paint and Powder

Cardinal Paint & Powder offers hands-on internship opportunities for students looking to gain real world experience in the coatings industry. Interns will have the chance to work across multiple areas of our business, including laboratory testing, manufacturing operations, powder coatings development, and sales support. This internship is designed to provide exposure to the full lifecycle of coating from formulation to application, while working alongside industry professionals in a fast paced, innovative environment.
